Primeiros Sons ao Piano - 1º Período (10/11 anos) é fruto da minha experiência pedagógica musical utilizando, desde 1980, diversos métodos de ensino inicial de piano.

Em diversos aspectos, **Primeiros Sons ao Piano - 1º Período (10/11 anos)**, não é um método autoexplicativo, do tipo "curso de música", sendo muito importante, para o crescimento musical do aluno, haver aula adicional de teoria da música.

A proposta de **Primeiros Sons ao Piano - 1º Período (10/11 anos)** é apresentar ao aluno lições com a maior "clareza visual" possível. Assim, o professor poderá indicar os andamentos, expressões de dinâmica, ligaduras de frase...

A opinião do aluno para tais escolhas poderá também ser muito interessante.

Ainda buscando o mínimo de "poluição visual", não há "letra" nas lições para ser cantada. Então, há espaço para o professor escrever a métrica dos tempos, nos compassos.

Ainda, para um visual mais "claro", algumas pausas foram suprimidas.

Para que o aluno iniciante se "apegue" mais às notas do que aos números do dedilhado, estes só aparecem em algumas lições do 2º Período.

Em sua criatividade, o professor poderá improvisar, à quatro mãos, em algumas lições.

A partir da 11ª lição, encontramos algumas "dissonâncias", levando o aluno a uma experiência ao piano com esse tipo de sonoridade que ele, certamente, já escutou no século XXI.

Primeiros Sons ao Piano - 1º e 2º Períodos (10/11 anos) é fruto da minha experiência pedagógica musical utilizando, desde 1980, diversos métodos de ensino inicial de piano.

Em diversos aspectos, **Primeiros Sons ao Piano - 1º e 2º Períodos (10/11 anos)**, não é um método autoexplicativo, do tipo "curso de música completo", sendo muito importante, para o crescimento musical do aluno, haver aula adicional de teoria da música.

A proposta de **Primeiros Sons ao Piano - 1º e 2º Períodos (10/11 anos)** é apresentar ao aluno lições com a maior "clareza visual" possível. Com isso, o professor poderá indicar os andamentos, expressões de dinâmica, ligaduras de frase e a maior parte dos dedilhados. A opinião do aluno para tais escolhas poderá também ser muito interessante.
